

Tool 3 – Tree of Inquiry

Entrepreneur Thinking Tree

Find the GENIUS method for learning anything at www.clearmethodiq.com

Let's grow your Entrepreneur Tree of Understanding! Start with one big question about your business, skills, or growth. Then answer it the best you can. From your answer, ask a new question—just like branches on a tree.

What is a big question you have about your business or skills?

(Example: How can I get more customers?)

Q2

What do you think the answer might be?

(It's okay if you're not sure—just try your best.)

Q3

What new question comes from that answer?

(Example: If I need more customers, where can I find them?)

Q4

What do you think the answer to that new question might be?

Q5

Can you think of one more question that grows from your last answer?

Q6

How did it feel to ask and answer your own questions like this?

(Optional)
