

Tool 17: Big Problem, Small Steps

GROW EVERY DAY

Questions today. Brighter understanding tomorrow!

Name: _____

Classroom / Teacher's Name: _____

Date: _____

Q1 What's something you think is really hard (like rocket science)?

Pick any big topic that seems impossible.

Q2 Write down everything you can think or wonder about it.

List ideas, questions, or guesses.

Empty it out.
Make sense of it.
Grow from it. ♡

Q3 Circle or write the part that confuses you most.

Write the part that is hardest to understand.

Q4 Ask, read, or search for help

Write what you find.

Q5 Try to explain it simply, like you're teaching a friend.

Write it in simple, clear words.
