Title: 10 Common Reasons Kids Get Confused in Class

Confusion by Big Words

I don't know what that word means, so I don't understand the rest.

Confusion by Too Many Steps

I forgot step 3 because the teacher said a lot at once.

Confusion by Unclear Directions

I'm not sure what we're supposed to do.

Confusion by Fast Talking

The teacher moved on before I got it.

ClearMethodIQ

Confusion by Feeling Nervous to Ask

I don't want to raise my hand and look dumb.

Confusion by Words That Sound the Same

Wait—is it 'there,' 'their,' or 'they're'?

Confusion by Not Knowing the Rules Yet

Is it okay to get up now?
What's allowed?

Confusion by Drawing or Math Tricks That Don't Work Every Time

I used that method before...
why didn't it work this time?

Confusion by Story or Sentence That's Missing Something

That sentence doesn't make sense... what happened?

ClearMethodIQ

Confusion by Too Much Noise or Distraction

It's too loud in here... I can't focus on what the teacher said.
